A diagram of a key-like structure. It consists of a long horizontal shaft with a circular end. The left end of the shaft is wider and has a stepped profile. A label '1415' points to the top-left corner of this wider section. The circular end is labeled '14d, 14e'.

A cross-sectional view of a device. A large rectangular block is labeled 1415. A central protrusion, labeled 1465, extends from the left side of the block. The protrusion has a rounded tip and a rectangular base. A dashed line, labeled 1470, extends horizontally from the center of the protrusion's base towards the right edge of the block.
